1ST/2ND GRADE NEWS

TUNBRIDGE CENTRAL SCHOOL

Dear First/Second Families,

The days are flying by! It is the end of the 3rd marking period.

We had a great time last week making sock bunnies. Hopefully they all made it home safely.

We got to see the 7th and 8th grade bridge projects this week. Many of us were very excited that one day he/she would get to do this.

Problem solving and tone of voice have been topics we have discussed a lot this week. We talked about what to do when you are upset and how to voice your upset to that person. Also how to react to someone who is upset.

Both first grade and second grade had Foundations packets go home this week.

Have a great weekend!

Mrs. Brown

Mrs. Hook

Spring Has Sprung

Mrs. Hook's class had 6 of their chicks hatch this week! The students have taken turns reading to them to help the chicks rest. Next week Mrs. Brown's class should be having ducklings hatch.

We have been watching them develop weekly.

All the first and second graders helped to get the gardens outside our windows ready to plant. They tilled the ground with shovels and then raked to make it smooth. They also had to dig up some old plants. Some of them filed a wheel barrel with what they raked up. Good job working together!
